

## Call for Papers

### *Journal of Combinatorial Optimization*

#### Special Issue:

**The latest developments in combinatorial optimization**

---

This special issue will present recent advances and challenges in all areas of Combinatorial Optimization. The issue will be based on contributions presented at the ECCO XXXVI Conference, June 6-8, 2024, but invitation to submit is extended to all ECCO and CO members.

**\*\*\* Deadline for submission updated: January 15, 2025. \*\*\***

**Main areas / topics of interest are (but not restricted to):**

- Graphs and networks
- Mathematical programming
- Routing and scheduling
- Facility location
- Bioinformatics
- Exact methods
- Approximation algorithms
- Heuristics
- Metaheuristics
- Matheuristics

All articles will be thoroughly refereed according to the high standard of the *Journal of Combinatorial Optimization*.

Full papers must be submitted through the Springer Editorial System <https://www.editorialmanager.com/joco/>

Please see the Author Instructions on the site if you have not yet submitted a paper through this web-based system. Be sure to note that your work is intended for the Special Issue and to select the article type **SI: ECCO 2024**.

Accepted papers will be published online individually, before print publication. We look forward to receiving your contribution.

The Guest Editors,  
Silvano Martello  
Greet Vanden Berghe  
Tony Wauters
